All activities are open to students, faculty, and staff.

A volunteer event to help build the new Hub City urban farm in downtown Spartanburg (298 Magnolia Street). We’ll be leaving campus about 2:40 p.m. from the CASB Parking Lot so you can follow us or just meet us downtown (transportation not provided). Work for as much time as you can provide. Some tools (shovels, rakes) will be available on site, but if you have your own tools, please bring them.

Everyone is invited to come hear special guest Professor Bron Taylor speak on “Religion, Nature Spirituality and the Planetary Future” in a free public lecture. Professor Taylor is an internationally known authority on religion and nature and author of *Dark Green Religion: Nature Spirituality and the Planetary Future* (University of California Press, 2009) and *Avatar and Nature Spirituality* (Wilfrid Laurier University Press, 2013). His lecture will focus on the roles religious ideas and values – such as compassion, justice, self-discipline and humaneness – might play in arresting and reversing today’s intensifying environmental and social crises.

For more information, contact Professor David Damrel at ddamrel@uscupstate.edu or 864.503.5798.

Earth Day! There will be a Celebrate Earth Day Banner asking, “How will you make a difference?” This coincides with peanut-butter-and-jelly-day in the cafeteria to lower our carbon footprint. Additionally, stations for “60 Seconds of Service” will be available to make PB&J sandwiches which will be donated to a local charity to feed the hungry. For students who have earned enough “green points,” prizes will be awarded at this time.

QUESTIONS? Contact Christopher M. Bender  864-503-5755 or cbender@uscupstate.edu
